

Eliminate Poverty - Get a Workforce Humanoid That Pays For Itself

Did you know that you can totally eliminate poverty from the planet Earth, feasibly, and in as short a period of time as a few years, by way of implementing service operations and other workforce operations with humanoids?

1. Send a humanoid to work.
2. Send an installment payment, towards the price of the humanoid robot, to the manufacturer of the humanoid; until the price of the humanoid robot is paid in full (0 to 3 years installment period).
3. Send the remaining earnings to the checking account of the purchaser (the purchase owner; the new humanoid owner).
4. Send the owner of the humanoid to college, and pay for the student's tuition, room, board and transportation costs, and medical costs with the earnings of the humanoid owned by the student.
